Vacant

District Attorney
Vacant

Forensic Pathologist
Vacant

Mike Burson - Weld

New Business – Brown

Discussion regarding quorum to include voting board and not just those present. There are several people interested in submitting an application for the open board positions, but the state did not have CCSTB as a dropdown to link to the application. Connie has been diligently communicating with the state representative regarding this issue. CCSTB was also notified yesterday by Kathy Chandler-Henry that she was termed as a County Commissioner, and therefore, her CCSTB position is vacated. Efforts will continue to get applications submitted, in addition to the recruitment of a County Commissioner for a population of greater than 50,000.

Vacancies include:

County Commissioner for a population of greater than 50,000;

County Commissioner for a population of less than 50,000;

District Attorney from a judicial district in this state;

Pathologist actively engaged in performing examinations and is a member of the Colorado Medical Society – Application from Dr. Joe White, Larimer County will be forwarded for Governor appointment.

Adjourn – Brown Motion to adjourn due to no quorum, Smith seconds, no objections. Adjourned at 0907.

Next Meeting – To Be Determined based on applicants and appointments. CCSTB will be updated.
